REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose or fairly teach a first and second quadrature ports coupled together having a characteristic impedance different from the characteristic impedance between the input and output ports, a first impedance transformer coupled between the input port and the first quadrature port wherein the transformer transforms the input/output port characteristics impedance to the quadrature ports characteristic impedance and a second impedance transformer coupled between the output port and the second quadrature port wherein the transformer transforms the quadrature ports characteristics impedance to the input/output ports characteristic impedance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure: Lee US Patent 5,917,860, Stachejko US Patent 4,105,959, Killen et al US Patent 6,753,745 and Sigmon US Patent 5,966,059.
